## **JOB SPECIFICATION MUSIC HOST**

Music Host roles are available with flexible contracted hours. The Music Hosts must ensure the entertainment provided within CurveMotion remains superior at all times.

The Music Host is responsible for the entertainment of the skaters, and must also control all users of the skating rink by giving clear instructions. They must be aware at all times of activities on the rink and to act accordingly in the event of any incident. The Music Host is vital for the success of many of the skating sessions.

The Music Host will report to the Shift Duty Manager and their duties will include (but not be limited to) the following:

- Ensuring customers enjoy their skating experience at CurveMotion by providing superior entertainment
- Using the sound and lighting equipment to fully enhance the session experiences
- Controlling skaters safety by being fully aware at all times of rink activity
- Fully understand all emergency and accident procedures and to make relevant PA announcements
- Provide entertainment relevant to roller-skating and the session in operation i.e. by variety of music, games etc.
- Ensuring the music collection is up to date, varied and appropriate for the different sessions on offer
- Controlling the rink lighting and house emergency lighting as necessary
- Starting and ending the skating sessions appropriately

Candidates with varying experience will be considered, and full training will be provided.

CurveMotion have appropriate facilities, but more experienced hosts are welcome to use their own kit during their shifts.

Candidates must portray confidence using a microphone and addressing large groups of customers.
